Old Business:

Secretary report:

I want to Thank Mike Jeffrey for continuing to do all the cemetery maintenance and mowing along with putting out all the military markers and flags. Mike continues to be the main contact for burials and helping me learn the ropes.

We have taken on several projects this past year:

1. We continue to work on the details of the survey of the latest "Cole" addition and we still need to build the new road.
2. The Cemetery Directory has been updated and if you find any mistakes or missed additions, please let me know.
3. Looking for recommendations on someone to build a new web page for the cemetery.
4. The current burial price is \$500.00 per plot for Cole addition and \$400 for all other additions.
5. Finally, we have been doing much work on the Robb Memorial better known as the Robb Memorial Restoration Project we have an account at the Lexington Community Foundation. Many of you have donated to this fund with a generous gift to the project and we want to Thank You Again for your donation. Ron Scharff and Tillson Roofing have been doing the work over the last year.
